TO OUR SERVICE CUSTOMERS:

- Our Dealership's usual charges for labor are not based on actual mechanic's time, but are simply our prices for particular jobs.
- You will be charged no more than the estimated price approved by you. However, if we discover that different or additional repairs are necessary, you will be contacted for your advance approval of a revised estimate.
- The Dealership is not responsible for the unavailability of parts or delays in parts shipment beyond the Dealership's control.
- If you authorize teardown of the vehicle or commencement of repairs, but do not authorize completion of a repair or service, a charge will be imposed for teardown, reassembly or partially completed work and you agree to pay the same. Such charges will be directly related to the actual amount of labor and parts involved in the inspection, repair or service and will not exceed the original or any subsequent estimate.
- All labor and materials will be paid for in cash or approved credit card unless the Dealership agrees to other payment arrangements in advance. Notice as used under PAYMENT TERMS on the front side hereof will be deemed to have been given upon deposit in the United States mail, postage prepaid, of written notification to that effect addressed to the customer at the address given on the front side hereof.
- Customer is hereby notified that the vehicle and any of its contents are not insured or protected to the amount of the actual cash value thereof, or otherwise, against loss occasioned by theft, fire or vandalism while the property remains with the Dealership.
- The Dealership is authorized to deliver the vehicle described herein or any of its contents to any person presenting this receipt.
- In addition to any and all other legal remedies available, I authorize the Dealership to have a lien on the vehicle described herein for all charges for repairs, including labor and parts, storage and/or towing, and to enforce such lien. The Dealership is hereby expressly authorized to sell said vehicle at public auction after giving a twenty (20) day written notice by certified mail to the legal owner, registered owner, and Department of Motor Vehicles of intent to do so. On the sale date, the vehicle shall be sold to the highest cash bidder and the proceeds of sale must be used first to satisfy the lien plus storage costs and costs incident to sale, and the balance shall be forwarded to the legal owner, or if none, to the registered owner, or if the address is unknown, it shall be forwarded to the Department of Motor Vehicles. Said expenses for sale shall also include reasonable attorney's fees, which may be necessarily incurred.
- If any such charges remain unpaid for thirty (30) days after such request for payment, the Dealership may also refer such charges to its attorneys for collection and the customer will pay a reasonable attorney's fee.
- The Power-of-Attorney granted on the front of this Repair Order/Invoice shall be irrevocable and shall remain in effect for so long as there is an outstanding amount due under this Repair Order/Invoice.
- Remanufactured and refurbished parts that meet manufacturer approved source part requirements may be installed at our discretion. Additional information is available upon request.
- I authorize the retrieval of on-board data as needed to facilitate vehicle repair, as well as sharing that data with the vehicle manufacturer for diagnostic and research purposes.

The warranty period will be extended for the number of whole days that the product has been out of the buyer's hands for warranty repairs. If a defect exists within the warranty period, the warranty will not expire until the defect has been fixed. The warranty period will also be extended if the warranty repairs have not been performed due to delays caused by circumstances beyond the control of the buyer, or if the warranty repairs did not remedy the defect and the buyer notifies the manufacturer or seller of the failure of the repairs within 60 days after they were completed. If, after a reasonable number of attempts, the defect has not been fixed, the buyer may return this product for a replacement or a refund subject, in either case, to deduction of a reasonable charge for usage.
